Dear Data Protection Officer,

SEVEN DAY FINAL NOTICE - INTENTION TO COMMENCE LEGAL PROCEEDINGS

SAR Reference: [SAR_NUMBER]

14-Day Reminder: [SAR_NUMBER]-14

Final Notice: [SAR_NUMBER]-7

NOTICE OF INTENTION TO COMMENCE LEGAL ACTION

This is my final notice to your organisation before I initiate legal proceedings for breach of the UK General Data Protection Regulation.

SUMMARY OF NON-COMPLIANCE

Your organisation has repeatedly failed to comply with its legal obligations:

[ORIGINAL_SAR_DATE] - I submitted a Subject Access Request under Article 15 UK GDPR requesting access to my biometric data and facial recognition processing records.

[14_DAY_REMINDER_DATE] - After receiving no response within the statutory one-month period, I sent a 14-day reminder notice.

[DATE] - Despite all previous correspondence, you have still failed to respond, necessitating this final 7-day notice.

This pattern of non-compliance demonstrates a serious and persistent breach of data protection law.

- Award my legal costs

- Apply statutory interest to the judgment

JUSTIFICATION FOR COMPENSATION

Section 168 of the Data Protection Act 2018 entitles me to compensation for distress caused by your breach of UK GDPR.

Your persistent failure to respond to my legitimate request has caused me:

- Significant anxiety about how my sensitive biometric data is being used
- Distress about potential unauthorised sharing or misuse of my facial recognition data
- Concern that my special category data is not being properly protected
- Frustration and wasted time pursuing my basic legal rights
- Loss of confidence in your organisation's commitment to data protection

ENFORCEMENT POWERS AVAILABLE TO THE ICO

The Information Commissioner's Office has extensive powers to address your non-compliance:

- **Enforcement Notices** - Legally binding orders requiring specific actions
- **Assessment Notices** - Compulsory audits of your data processing activities
- **Financial Penalties** - Fines up to £17.5 million or 4% of worldwide annual turnover, whichever is higher
